NOTES TO FINANCIAL STATEMENTS

INDEPENDENT PRACTITIONER'S REVIEW ENGAGEMENT REPORT

To the Board of Directors
British Columbia Archery Association

We have reviewed the accompanying financial statements of British Columbia Archery Association that comprise the statement of financial position as at March 31, 2025, and the statements of operations and changes in net assets and cash flows for the year then ended, as well as a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Practitioner's Responsibility

Our responsibility is to express a conclusion on the accompanying financial statements based on our review. We conducted our review in accordance with Canadian generally accepted standards for review engagements, which require us to comply with relevant ethical requirements.

A review of financial statements in accordance with Canadian generally accepted standards for review engagements is a limited assurance engagement. The practitioner performs procedures, primarily consisting of making inquiries of management and others within the entity, as appropriate, and applying analytical procedures, and evaluates the evidence obtained.

The procedures performed in a review are substantially less in extent than, and vary in nature from, those performed in an audit conducted in accordance with Canadian generally accepted auditing standards. Accordingly, we do not express an audit opinion on these financial statements.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the financial statements do not present fairly, in all material respects, the financial position of British Columbia Archery Association as at March 31, 2025 and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

BRITISH COLUMBIA ARCHERY ASSOCIATION
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2025
(Unaudited)

PURPOSE OF THE ORGANIZATION

The British Columbia Archery Association was formed to perpetuate, foster, and manage the practice of archery and without limiting the generality of the foregoing; to adopt, interpret, and enforce rules for the practice of archery in all its forms; to hold annual tournaments for the purpose of determining the Champions for the British Columbia Archery Association; and to act in general as the supreme governing body in all matters that pertain to archery in the Province of British Columbia, Canada. The Association is registered under the Society Act of British Columbia and is not subject to income tax. The Association is not a registered charity under the Income Tax Act and therefore cannot issue charitable donation receipts.

Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of Presentation

The Association prepares its financial statements in accordance with Canadian accounting standards for not-for-profit organizations (ASNPO).

b) Use of estimates

When preparing financial statements according to ASNPO, estimates and assumptions are made relating to reported amounts of revenue and expenditure, assets and liabilities and disclosure of contingent assets and liabilities. Assumptions are based on a number of factors, including historical experience, current events, actions that the Association may undertake in the future, and other assumptions that are believed to be reasonable under the circumstances. Actual results could differ from those estimates under different conditions and assumptions. Estimates are used when accounting for certain items such as useful lives of capital assets and impairment of long-lived assets.

c) Revenue recognition

Revenue is recognized when earned, specifically when all the following conditions are met:

- There is clear evidence that an arrangement exists.
- Amounts are fixed or can be determined.
- The ability to collect is reasonably assured.

The Association follows the deferral method of accounting for contributions. Restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when they are received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

d) Cash and cash equivalents

Cash and cash equivalents are comprised of cash and term deposits which are readily convertible to cash and which are subject to an insignificant risk of change in value.

e) Contributed services

Volunteers contribute significant hours per year to assist the Association in delivering its services. Because of the difficulty in determining their fair value, contributed services are not recognized in the financial statements.

MARCH 31, 2025

(Unaudited)

f) Capital assets

The capital assets are recorded at cost. Amortization is provided annually at rates and methods over the estimated useful lives as follows, prorated for the number of months of ownership. The estimates of the useful lives of the assets are reviewed every year and adjusted on a prospective basis, if needed.

Equipment	20 %	Declining balance method
Computer equipment	30 %	Declining balance method
Computer software	100 %	Declining balance method

Impairment of capital assets is reviewed whenever events or changes in the circumstances indicate that the carrying value may not be recoverable. An impairment loss is recognized for the excess of the carrying value over the fair value of the asset, during the year the impairment occurred.

Note 2 FINANCIAL INSTRUMENTS

The Association's financial instruments consist of cash, accounts receivable, and accounts payable. Unless otherwise noted, it is the opinion of management that the Association is not exposed to significant interest, currency, or credit risks arising from these financial instruments. The fair value of the instruments approximates their carrying values, unless otherwise noted.

The Association initially measures its financial assets and financial liabilities originated or exchanged in arm's length transactions at fair value. Financial assets and financial liabilities originated or exchanged in related party transactions, except for those that involve parties whose sole relationship with the organization is in the capacity of management, are initially measured at cost. The cost of a financial instrument in a related party transaction depends on whether the instrument has repayment terms. The Association subsequently measures all its financial assets and liabilities at cost or amortized cost. Financial assets subsequently measured at amortized cost include cash, term deposits, accounts receivable and prepaid expenses. Financial liabilities measured at amortized cost include accounts payable.

Note 3 CASH AND CASH EQUIVALENTS

Included in cash and cash equivalents is a \$100,000 term deposit held at Prospera Credit Union, earning interest at 4.79%, maturing June 19, 2025. The fair value of the term deposit approximates the carrying value.

Note 6 RELATED PARTY TRANSACTIONS

The Association paid the directors \$3,721 for services rendered (\$10,698 in 2024, \$4,569 in 2023). These amounts are included in honorariums.

Note 7 INTERNALLY RESTRICTED RESERVES

Funds have been restricted internally by the Board of Directors to cover the salary of the Executive Director for one year should the position be dissolved. This reserve would allow for the continuation of the duties of this position until they are reallocated to volunteers. The total in this reserve is \$55,000.

Funds have been restricted internally by the Board of Directors for future tournament equipment expenditures. The total in this reserve is \$10,000.

Since the last AGM, I have continued to grow and learn in this role. It has offered me many opportunities and experiences I never could have dreamed of being part of.

In October 2024, I attended the BC Winter Games Biennial Sport Partner Meeting in Vancouver. During the meeting, I was surprised and honored to accept the BC Games Sport Partner Excellence Award on behalf of BC Archery. It was truly a proud moment to represent our organization and receive such meaningful recognition.

Fast forward to January 2025, I was excited to launch BC Archery's upgraded website, which improved accessibility, streamlined information, and introduced visually enhanced content. I dedicated countless hours to this project and will continue to ensure it remains current and serves as a critical communication tool for our membership.

January also marked the beginning of a new membership year, when I assist clubs across BC in affiliating with BC Archery and Archery Canada. This process gives me valuable opportunities to connect directly with clubs and identify the key volunteers who make up our strong archery community.

In March, I was honored to represent BC Archery at the Sport BC Awards Gala in Vancouver, where Greg Birtwistle was awarded the President's Award. It was a proud moment to celebrate one of our community's dedicated contributors.

In April, I returned to Vancouver—this time with my family—for the 2025 BC Indoor Championships, hosted by the Richmond Rod and Gun Club. They organized a fantastic event, and once again, I was reminded of the strength and spirit of our archery community. I had the pleasure of meeting several individuals in person for the first time.

While at the event, BC Archery held its Annual Budget Meeting, a valuable opportunity for the Board of Directors to meet face-to-face, review the current financial standing, and develop our plan for the upcoming year.

A special highlight of the event was a new initiative—for the first time ever, BC Archery presented custom-designed plaques to the 2024 BC Archery Annual Award recipients. This was a gap I had identified, and I was eager to ensure that our athletes, clubs, and volunteers received the recognition they deserve.

April also included the completion of our annual reporting to viaSport, ensuring we meet all funding

requirements and maintain accountability.

In May, I traveled to Trail/Rossland to begin planning and tour venues for the upcoming 2026 BC Winter Games. Working with the BC Games Society continues to be a valuable and enjoyable experience. Additionally, I have taken on the role of Provincial Advisor for Archery for the 2026 BC Winter Games. Like many aspects of this position, it has been a learning curve, but I have embraced the challenge. Coordinating such a high-profile event requires planning, foresight, and collaboration—and I look forward to contributing to a successful event.

Throughout the year, I have stepped in to support vacant roles, including acting as the BC Performance Program Coordinator. Together with the VP of Athlete Development, we successfully managed the naming of Team BC for the 2025 BC Performance Program. It was a pleasure to share the exciting news with the selected athletes and support them on their journey.

I am truly enjoying my time getting to know the members and clubs across BC who play such a vital role in providing opportunities for people to participate in archery.

I extend my gratitude to all the people who work toward growing the sport of archery in BC!

Respectfully submitted,
Darby Mummery
Executive Director

Report of the President

I really do not feel that I have been very busy with archery things this year. I have attended all the BC Archery Provincial Events. Sadly, I had some personal issues that caused me to withdraw from Nationals and forcing me to spectate and coach via cellphone.

This year I have assisted in updating some of our funding programs and with the addition of funding for Barebow archers. I have also been a supporter of Barebow taking a bigger presence Nationally and pushing for more categories for our youth. I have been an advocate and mentor for more coach development. I have assisted with the finalization of our JOP updates and the addition of new levels.

I hope that I have represented our association and membership well these last 5 years. I have done my best to promote our sport and be a good ambassador. This will be my last year as the President. I feel that we need to have new voices on our Executive Board. I am hoping someone will be brave and step up. I would like to speak to anyone that might be interested in this role. I will not be stepping away from BC Archery as I will continue to compete, coach and mentor and be an ambassador to the sport.

Respectfully submitted,
Lora-Lee Murray
President

Report of the VP- Administration for BC Archery.

This year I have continued in my role as VP-Administration supporting our directors as needed as they work on their action items for our Strategic Plan and Risk Registry. I also sit on a number of Committees including the Coaching Committee, the Risk Management Committee, Strategic Planning Committee, and Cub Engagement Committee, although it has been a slow year for meetings. I have however, been busy facilitating a number of coaching clinics this year and evaluating and certifying instructors at both beginner and intermediate levels, and I have judged a few local events including the Canadian Regional Championships in Richmond.

My year has been primarily working to promote BC Archery and the sport of archery through our BC Archery Ambassador program as well as a variety of sport camps with different groups of potential new members (Boy Scouts, Girl Guides, Big Brothers/Big Sisters, BC Wheelchair Sports, Pacific Sport, Spirit of the Children, and the Indigenous Sports, Physical Activity, and Recreation Council). Also facilitated a Provincial Archery Development Camp for NAIG (North American Indigenous Games). I am also the Zone 3 Archery Coordinator for the 55 Plus BC Games and I hosted a Step Up Your Game event for archery to promote participation in Archery at the Senior Games in Nanaimo 2025.

Respectfully submitted,
David Sandquist
Vice President Administration

Report of the VP-Athlete Development

This was my second year in the role as VP-Athlete Development. There has been lots of changes in the position this year. As an organization, we have made some changes to multiple programs.

The targeted athlete program (TAP) had changes to the program that made it more inclusive. We had applications from more athletes this year which was nice to see. This program is important to help our athletes grow to reach their full potential.

The High Performance Team had multiple changes to it for this current year. We have included barebow and have adjusted the budget for the program as well. For the 2024 year, we had the most applicants for this funding program. BC Archery was represented very well in all competitions.

The BC Performance Team and BC 3D Team did an amazing job at Nationals again this year.

Been a busy year with all things archery and looking forward to one more year of learning and going in this role.

Respectfully submitted,
Michael Wiebe
VP-Athlete Development

Report of the VP-Finance

We had a great year financially.

We are hoping to purchase some new targets this year and are looking into adding some new support for our archers. We are also open to ideas for some new programs to support such as women's clinics, Junior programs, and others to help promote the sport.

I don't foresee any financial issues this year.

Thank you,
Angela Shaw
VP- Finance

Report of the Director at Large

In my role as Director-at-Large, I supported the Association's Board of Directors through communications and event outreach. I designed and printed promotional posters for fundraisers, assisted in drafting letters of recognition for provincial high-performing athletes, and contributed to maintaining engagement within the archery community. Although I did not compete this season, I represented the Association at the BC Indoor Championships in a Board capacity, helping ensure a strong organizational presence. I'm glad to say that his position allowed me to continue supporting the sport from an administrative perspective, emphasizing communications, event promotion, and athlete recognition.

Respectfully Submitted,
Curtis Lee

COACHING

Several Instructional Beginner Courses have been held during this time.

Lake Country, Kamloops, Lower Mainland.

Courses are in planning stage for Osoyoos and Prince George as Instructors and venues become available.

Coach Chair has just become an evaluator for Para Archery Athletes.

Personally: I will be attending the 55+ games to compete in the Archery Event on September 9, 2025.

It is my intention to let my name stand for the 2025/2026 election for VP – Technical with BC Archery however this will be the last term I stand.

I will then look at taking on the Judge Chair Portfolio thereafter.

BC Winter Games- Provincial Advisor

I have temporarily assumed the role of Provincial Advisor for Archery for the 2026 BC Winter Games in Trail/Rosslund. In May, I attended the Host Society Sports Partner meeting in Trail, where I connected with the local sport chair for archery and networked with fellow sport representatives. I also toured both the accommodation and competition venues, gaining valuable insight into the event's planning process.

I will be participating in the Games as a coach for Zone 1, so BC Archery has appointed Hailey Murray as Assistant Provincial Advisor to manage duties during the competition period. Most zone coaches have already been selected and confirmed. Trail/Rosslund is shaping up to be an excellent host, and I look forward to seeing how the event unfolds. We are always thrilled to witness young archers from all corners of the province gather for an event that serves as a vital milestone in their competitive archery pathway.
