

2027 Canada Winter Games Archery Technical Package

Technical Packages are a critical part of the Canada Games. They guide the selection of athletes by prescribing the age and eligibility requirements, assist the Host Society by detailing competition formats and scoring procedures, assist Provincial/Territorial (P/T) Chefs de Mission in verifying eligibility, help with budgeting by describing the number of participants permitted, advance coach certification by stating minimum requirements, and generally contribute to athlete development by identifying each National Sport Organization's (NSO) version of athletes in the "Train to Compete" phase of its Long Term Development (LTD) model, or other suitable phase of LTD as justified by the NSO.

Technical Packages are developed 36 to 24 months prior to the Canada Games primarily by NSOs, following the Canada Games Council's (CGC) [Principles that Govern Technical Packages](#). As the overall governing body of the Games, the CGC has the ultimate authority over Technical Packages, but this authority is exercised only with the knowledge and understanding of the concerned NSO.

Relevant Games stakeholders, specifically Provincial/Territorial Sport Organizations (P/TSOs) and P/T team staff, are encouraged to review the Technical Package in detail to ensure a thorough understanding. If an individual wishes to seek clarification or initiate a change to a Technical Package leading up to a Games, the request should be first directed to the NSO or the Chef de Mission. The NSO or Chef de Mission will submit the requested change or clarification to the CGC for consideration. Timelines for requesting changes to major elements of the Technical Package (i.e. team sizes, age categories, eligibility restrictions, events, competition formats) are outlined in the Principles that Govern Technical Packages. Minor corrections will be considered at almost any time, but will be increasingly difficult to achieve within six [6] months of the Games. These time frames reinforce the importance of complete understanding of the Technical Package by Games stakeholders early.

The deadline for this to be determined by each Province/Territory is set out in section 7.2.

In the Elimination Rounds (Individual) (WA 4.5.2.2.1, WA 4.5.2.2.2, and WA 4.5.2.2.3), there will be no cut, with archers of each category seeded according to

their positions as determined by their total scores in the Qualification Round, using a standard match play chart. The archer with the highest qualifying score will be matched with the archer with the lowest qualifying score, etc. (for example, no. 1 ranked archer plays the no. 16 ranked archer; no. 2 plays no. 15, etc.). In categories with greater than 16 athletes, competition will begin with the 1/16th round. For categories with 16 or fewer individuals, competition will begin with the 1/8th round. Byes will be issued to complete the match play chart, as required, in the first elimination round for each category.

The Individual Elimination Round matches are shot simultaneously. The compound archers shoot five ends of three (3) arrows and the cumulative score decides the winner.

The recurve and barebow archers use “sets” scoring (WA 14.1.4). The athlete with the highest score of each set receives 2 set points; in case of a tied score both athletes obtain 1 set point. As soon as an athlete reaches 6 set points (6 of 10 possible points in a 5 set match), the athlete is declared winner and passes to the next round.

For all equipment divisions, each end/set consists of three (3) arrows shot in two (2) minutes. The two opponents shoot their respective 3 arrows simultaneously in the same 2-minute time limit; they shoot separate targets but may shoot on the same butt. For the 1/16th and 1/8th rounds they shoot separate targets but shoot on the same butt. For all subsequent rounds there will be one archer per butt.

In the Medals matches of the Finals Rounds, the athletes shall shoot alternately one arrow at a time; twenty (20) seconds per arrow with separate clocks starting and stopping each archer when they have shot the arrow or when time runs out. Each athlete will have their own butt. A recurve or barebow match will be won by the archer who first achieves 6 set points and a compound match will be won by the archer who has the highest cumulative score after 5 ends.

Day 6: Provincial/Territorial Mixed Team Event

Session 1 - Compound Mixed Team

Session 2 - Recurve Mixed Team

Session 3 - Barebow Mixed Team

For the Provincial/Territorial Mixed Team event, one 2-person team (one man/one woman) is allowed per Province/Territory. Archers on the 2-person team must be in the same bow division. Each Province/Territory can have up to 3 teams: Compound, Recurve and Barebow. Only one team, the highest ranked by province/territory and bow type, will participate in the mixed team eliminations.

During any Recurve or Compound match, two (2) triangular triple faces per team will be used (modified to have only two scoring zones on each face by covering one scoring zone, making sure the World Archery license logo remains - folding the third face to hide it is not acceptable), and one arrow must be shot per “spot”, and each team has its own butt. During any Barebow match, a 40 cm 10 ring face will be used per team.

Figure 3 Mixed Team Event Compound Figure 4 Mixed Team Event Barebow and Recurve

In the Mixed Team Elimination Round (WA 4.5.1.4) the top 8 teams in each division of two (2) competitors by bow type will be seeded according to their total cumulative scores in the Qualification Round*², using a standard match play chart. If there is a tie for 8th place, the tie will be broken by a shoot off according to rules 14.5.2 & 14.5.2.1.2. Should there be fewer than 8 teams per category, byes will be issued in order to complete the match play chart. The Province/Territory with the highest qualifying team cumulative score would be matched with the Province/Territory with the lowest qualifying team cumulative score, etc. (i.e., no. 1 ranked team plays the no. 8 ranked team; no. 2 plays no. 7, etc.). Should there be fewer than 8 teams per division, byes will be issued in order to complete the event. Matches will be shot simultaneously (WA 13.2.2). Each compound mixed team match consists of four (4) ends of four (4) arrows (2 per archer) shot in 80 seconds (WA 13.4.4) at 18 metres. A compound match is determined by the total score of the 16 arrows.

Recurve and barebow team matches use the “set” system. Each recurve and barebow mixed team match consists of a maximum of four (4) sets of four (4) arrows (2 per archer) shot in 80 seconds (WA 13.4.4) at 18m. A match is

determined by the first team reaching 5 points using set scoring.

In the Mixed Team Finals Round, the top four (4) teams of each division remaining from the Mixed Team Elimination Round shoot a series of matches, one at a time. Each compound mixed team finals match consists of four (4) ends of four (4) arrows (2 per archer) shot in 80 seconds at 18 metres, culminating in the Team Gold Medal match. The total number of arrows scored per compound mixed team match is 16. Each recurve and barebow mixed team finals match consists of up to four (4) sets of four (4) arrows (2 per archer) shot in 80 seconds at 18 metres, culminating in the Team Gold Medal match. The first team in a match to reach 5 points using set scoring is declared the winner of the match. For all mixed teams final matches, teams shoot alternately with both members of each team shooting one arrow in each rotation (WA 13.2.3). Team members shoot individually.

Medals and sport scoring points will be awarded separately for each of the division's Mixed Team event.

Important requirements about scoring and timing systems:

During the qualifying round, organizers must maintain an updated leader board after each end or second end, displaying the running score of the top individuals and teams. Organizers must provide an end by end score display for each archer and team during the elimination matches, and must provide an arrow by arrow score display for each archer and team during the final matches. Organizers must also provide a countdown-type timing system capable of running simultaneous and alternate arrow individual and team matches.

² Substitution is permitted as described in Appendix 3.

6. TIE BREAKING RULES - COMPETITION

6.1. For ties occurring in all rounds, except for those ties as set forth below (6.2):

Individuals and Teams:

- Greatest number of 10's;
- Greatest number of 9's;
- After this, competitors still tying shall be declared equal, but for ranking purposes, i.e., position in the match play charts of elimination rounds, a toss of a coin will declare the position of those declared equal.

6.2. For ties concerning the entrance to elimination rounds and during the elimination rounds:

Individuals (WA 14.5.2.2):

- A single arrow shoot-off for score;
- If there is still a tie, the arrow closest to the centre will resolve the tie;
- Successive single arrow closest-to-the-centre shoot-offs until the tie is resolved.

Note: Forty (40) seconds shall be the time limit allowed for a competitor to shoot one arrow in order to break ties during simultaneous shooting (WA 13.4.2). Twenty (20) seconds is the time allowed to shoot one arrow in order to break ties during alternating shooting. (WA 13.4.1).

Teams (WA 14.5.2.3):

- An end of two (2) arrows - one (1) arrow by each competitor - shoot-off for score;
- If the score is still tied the team with the closest-to-the-centre arrow will win;
- If still tied, the second closest-to-the-centre arrow will determine the winner;
- If necessary there will be successive two (2) arrow (one arrow by each competitor) shoot-offs; the closest-to-the-centre evaluation will be used until the tie is resolved.
- The time limit for a team shoot-off shall be 40 seconds for the team to shoot 2 arrows for the purpose of breaking the tie (WA 13.4.2).

7. REGISTRATION & EVENT ENTRIES

7.1. Canada Games Council Registration Deadline

All participants (athletes, coaches, managers and additional team staff) must be registered in the Canada Games electronic registration system no later than 30 days prior to the Opening Ceremony (January 28, 2027).

7.2. Deadline to identify Final Discipline Allocation

Provinces/Territories must confirm to the Executive Director of Archery Canada the discipline allocation to which they will be registering the fourth man and fourth woman by December 15th, 2026. Changes to this allocation may not be made after this deadline for any reason.

7.2.1. Athlete Substitution

If a Province/Territory needs to substitute an athlete following the December 15th discipline allocation deadline (in accordance with the Canada Games Council Registration Policy), the substitute athlete must

compete in the same discipline as the athlete they are replacing. This athlete substitution cannot change the discipline allocation of the fourth athlete as defined in section 7.2 above.

7.3. Event Entry Deadline

Event entries for each participant will be confirmed at the Coach/Manager meeting held prior to the first event.

8. SPORT SCORING POINTS

Sport scoring points are a tool used to determine the performance of a P/T Team across all events within a sport. At the conclusion of an event, sport scoring points will be awarded using the following criteria:

8.1. Individual Events

- Athletes will be ranked from first through last place.
- If an athlete does not finish or is disqualified, the athlete will not receive sport scoring points.
- If there is a tie, points will be shared equally between competitors (i.e. If two athletes are tied for first then each competitor would receive 98.5 points $[(100+97)/2]$ and 3rd place points would be awarded to the next finisher).
- Athletes eliminated in the $\frac{1}{4}$ or $\frac{1}{8}$ final will be ranked by number of set points won, and if tied by the number of cumulative points shot, in the last match. If still tied they would be ranked according to their qualification score.
- Each event will be scored separately.
- Sport scoring points will be awarded based on the chart below:

Pos	PTS	Pos	PTS	Pos	PTS	Pos	PTS	Pos	PTS
1st	100	7th	83	13th	73	19th	67	25th	61
2nd	97	8th	81	14th	72	20th	66	26th	60
3rd	94	9th	79	15th	71	21st	65		
4th	91	10th	77	16th	70	22nd	64		
5th	88	11th	75	17th	69	23rd	63		
6th	85	12th	74	18th	68	24th	62		

8.2. Team Events

- Teams will be ranked from first through last place (1st through 13th).
- If a team does not finish or is disqualified, the team will not receive sport scoring points.
- If there is a tie of teams eliminated in the quarter final, they will be ranked by cumulative score of the last match shot and if still tied they will be ranked according to their team qualification score.
- Each event will be scored separately.
- Sport scoring points will be awarded based on the chart below:

Position	Points	Position	Points	Position	Points
1st	150	6th	100	11th	50
2nd	140	7th	90	12th	40
3rd	130	8th	80	13th	30
4th	120	9th	70		
5th	110	10th	60		

9. **FLAG POINTS**

Games to Games performance by a P/T Team at the Canada Games is measured by accumulated Flag Points. Every P/T Team is awarded Flag Points for its ranked performance in each sport in which it competes.

In Archery, Flag Points will be awarded together for women's and men's events based on the total of sport scoring points awarded.

After ranking the P/T Teams from first to last, and after any ties have been resolved as detailed in Section 10 (Tie Breaking Rules - Flag Points), Flag Points will be awarded as follows:

Position	Points	Position	Points	Position	Points
----------	--------	----------	--------	----------	--------

1st	20	6th	10	11th	3
2nd	18	7th	8	12th	2
3rd	16	8th	6	13th	1
4th	14	9th	5		
5th	12	10th	4		

10. TIE BREAKING RULES - FLAG POINTS

In the event of a tie in the number of Sport Scoring Points between 2 (or more) Provinces/Territories, the addition of the number of Individual and Team medals won at the Archery event will break the tie. If the tie persists, the number of *individual* Gold medals will be used, then the number of *individual* Silver medals. If the tie persists again, the number of *team* Gold medals will break the tie, then the number of *team* Silver medals.

11. MEDALS

The Canada Games will award medals to athletes only. Gold, silver and bronze medals will be presented for each event.

Gold: 12 Silver: 12 Bronze: 12

15. ANTI-DOPING

The CGC adopts the Canadian Anti-Doping Program (CADP) Covenant as a fundamental commitment to engage in a cooperative and collaborative effort to eliminate doping in sport and to support harmonized, coordinated and effective anti-doping measures in Canada. Any Canada Games participant (athlete, coach, manager, technical support, or
